When, if old girl decide not to wait, whenever she decides to go do whatever she gonna do, then she needs to let me know and I'll meet her down there to do what I need to do and we're not gonna go back and forth again.

Roemello Burros (08:12):

I was just wondering if, uh, they'll just take eight.

Matthew Burros (08:17):

I dunno. I'm pretty sure they, I, I don't know. Hmm? You, I don't understand how you figure like eight is enough. It was a hundred and something thousand. What? How do you figure eight is enough?

Roemello Burros (08:35):

Because she said 10.

Matthew Burros (08:37):

Okay, so, so she for what case though? How many you got?
